

# Vedic Mathematics

by Brainlabs Academy

Enroll in this one of a kind Vedic Mathematics program that makes math fun and easy. The workshop is designed to not only increase a child's calculating ability and his/her understanding of arithmetics, but also to increase memory power and creativity.

In addition, Vedic Math has the following benefits:

- Enhances memory & confidence
- Improves speed & accuracy
- Cultivates interest in numbers & figures
- Increases mental agility & intelligence
- Increased concentration level and listening skills
- Enhanced Problem solving skills

Classes conducted by the founder of Brainlabs Academy, **Smita Suhasaria** (MCA) who has been imparting impactful Vedic Maths Training with passion for the last 15 years.

Please check the Program Schedule for fees and session timings by age-group
